Good morning,

Just a few quick items.

What is the council's direction relative to the $1,500 one-time compensation payment for Travis? Pay it to him or no?

What is the amount for deferred compensation? Is it a flat percentage or a specific amount? I will begin working with payroll to determine the 457 vehicle that TR wants to use.

Finally, I have updated clean copies of the oaths of office for your signature whenever you happen to be at City Hall. Both Kristen and Craig have signed these. My apologies for getting the dates wrong!
