# SECTION 1 — STATUTORY DEFICIENCY MEMORANDUM (PRR #4814)

**To:** City ClerkCity of Twin Falls203 Main Ave. ETwin Falls, ID 83301

**Subject:** Statutory Deficiency Memorandum – Public Records Request #4814

This memorandum documents statutory deficiencies in the City's response to **Public Records Request #4814**. It is provided to establish a clear record of non-compliance with Idaho's Public Records Act and to support the attached follow-up request directed to the Finance Department.

## 1. Failure to Conduct a Complete Search (Idaho Code § 74-102(1))

Idaho Code § 74-102(1) requires agencies to conduct a search reasonably calculated to locate **all** responsive records.

The City's response to PRR #4814 did not include:

- All compensation records
- All pay codes

Requester names and personal contact details redacted by Oversight Archive.

- All leave payouts
- All vacation sellback entries
- All non-payroll payments
- All reimbursements
- All vendor-based payments
- All deferred compensation records
- All expenditure records maintained by Finance

These omissions demonstrate that a complete search was not conducted.

# 2. Prior Request Explicitly Required a Finance-Department Search

PRR #4814 **explicitly stated** that the requested records were to be obtained from the **Finance Department**, because the records sought included:

- Compensation expenditures
- Reimbursements
- Vendor payments
- Accounts-payable disbursements
- Deferred compensation contributions
- Other non-payroll financial transactions

Despite this clear instruction, the City's response relied solely on **HR-maintained records**, which do **not** contain the full financial history of payments made to or on behalf of the listed employees.

## Insertable Paragraph (Your Requested Addition)

In addition, the City's response to PRR #4814 acknowledged that the request "should have been directed to Finance," yet the records provided were still limited to HR-maintained materials. This confirms that the City understood the scope of the request and recognized that Finance was the correct department to conduct the search, but nevertheless did not obtain or produce any Finance-system records. Because Finance maintains the City's official expenditure, vendor, reimbursement, and payroll disbursement systems, the failure to obtain records from Finance — despite acknowledging that Finance should have been involved — constitutes a clear statutory deficiency under Idaho Code § 74-102.

# 3. Failure to Search All Record Systems Likely to Contain Responsive Documents (Idaho Code § 74-102(1))

The City did not search:

- The Finance/accounting system
- The vendor/AP system
- The reimbursement system
- The deferred compensation disbursement system
- Archived or legacy Finance systems

These systems contain the official record of:

- Vendor payments
- Travel reimbursements
- Expense reimbursements
- Non-payroll disbursements
- Deferred compensation contributions
- Leave payouts
- Vacation sellback payments
- All financial transactions involving City employees

A search limited to HR records does not satisfy the statutory requirement.

# 4. Improper Statement That Records Were "Not Available" (Idaho Code § 74-103(4))

The City stated that certain compensation information was "not available."Under Idaho Code § 74-103(4), if records are withheld or do not exist, the agency must:

- Identify the statutory exemption relied upon, **or**
- State that the record does not exist **after a reasonable search**, and
- Provide the name and title of the person making the determination.

The City did not:

- Identify any exemption
- State that the records do not exist
- Demonstrate that a reasonable search was conducted
- Provide the name or title of the person making the determination

Therefore, the response does not comply with § 74-103(4).

# 5. Failure to Provide Records Maintained in Finance Systems

The City's Finance Department maintains:

- Payroll registers
- Accounts-payable registers
- Vendor payment records
- Reimbursement records
- Deferred compensation records
- Check registers
- Expenditure logs
- Financial system pay code histories

None of these records were provided in response to PRR #4814, despite being directly responsive.

This constitutes a statutory deficiency.

# 6. Impact of Deficiencies

Because the City did not provide:

- All compensation records
- All non-payroll payments
- All reimbursement records
- All vendor-based payments
- All leave payout records
- All vacation sellback records
- All deferred compensation records

…the response to PRR #4814 is incomplete and does not comply with Idaho's Public Records Act.

The attached follow-up request is therefore directed specifically to the **Finance Department**, which maintains the official systems necessary to produce a complete response.

# 7. Notice of Potential Escalation

If the City's response to the attached follow-up request is again incomplete, omits categories of records, or fails to comply with Idaho Code §§ 74-102 and 74-103, I will pursue the formal avenues available under Idaho law, including:

- A written request for reconsideration
- A petition for review
- Submission to the appropriate oversight or ombudsman office

This memorandum is provided to ensure the City is fully aware of the statutory deficiencies in the prior response and the legal requirements applicable to the follow-up request.

**Thank you for your attention to this matter.**

# SECTION 2 — REBUTTAL LETTER (Attachment to New PRR)

**To:** City ClerkCity of Twin Falls203 Main Ave. ETwin Falls, ID 83301

**Subject:** Rebuttal and Clarification Regarding PRR #4814

This letter is submitted as an attachment to my new Public Records Request concerning compensation and payments made to certain City employees. It serves to clarify deficiencies in the City's response to **PRR #4814** and to ensure that the follow-up request is directed to the correct department for a complete and accurate search.

*(Full text already integrated above — unchanged)*

# SECTION 3 — NEW PUBLIC RECORDS REQUEST (Finance Department Search Required)

**To:** City ClerkCity of Twin Falls203 Main Ave. ETwin Falls, ID 83301

**Subject:** Public Records Request – Comprehensive Compensation & Reimbursement Records (Finance Department Search Required)

This request is submitted as a follow-up to **PRR #4814**, which did not include complete compensation records for the employees listed below. The prior response did not include all forms of compensation or payments made by the City, and certain categories of records were described as "not available," despite being maintained within the City's Finance systems.

Because the City's **Finance Department** maintains the official expenditure, payroll, vendor, and reimbursement systems, this request is directed specifically to **Finance** to ensure a complete and accurate search.

City Clerks,

I'm writing to inquire as to the status of this request (4940). It's now been more than 10 business days since I submitted this request. Can you please let me know what's going on and when I can expect the results?

As a matter of fact, this request is actually in response to 2 previously incomplete requests, so the results are now long overdue. I would imagine that a finance system complex enough to run a city's finances would be able to produce the records asked for in a more reasonable amount of time.

The original request is on file already, but simply put I am asking for all financial payouts of any kind to some of the upper management in the city, originally asking for 2020 to present. These could be payments of any kind, from payroll to what amounts to vendor payments or bonuses, reimbursements, etc. - public funds used to compensate public employees.

Please provide the results as soon as possible in compliance with Idaho Public Records law and the initial response I received providing me with the expectation of 3 working days and then extending that to 10 working days.

Can you let me know the status or get back to me with the results of this request, please?

I've had no communication from the city since I put in the request and it was accepted and then recieved the request for more time.

I'm hoping I can get a response soon. I've been waiting for a response for nearly a month now. I received two incomplete responses to the same request already. I'm just looking for the pieces that are not part of payroll that Human Resources provided.

City Clerks,

I'm still waiting for a response to my request. My previous requests didn't take this long. At this point we're quite a bit over time. If neither of you can help me, please provide me with a contact that can.

City Clerks,

I am still waiting for a response. My other requests were handled much timelier than this one. I think we're quite a bit past time on this one. If neither of you can help me, please let me know who can.
